Dear Town of Carroll Board,

I would like to express my sincere appreciation on behalf of the school district for your willingness to work together to try to obtain a school resource officer for the school. As always, your support and regards for the welfare of the students of Frewsburg is very much appreciated.

I would also be remiss if I did not recognize the effort that Chief Bill Nelson put forth in order to accommodate our needs. Although he expressed his reservations about being able to attract the appropriate candidates for this very important position at the very beginning of this process, he continued to work closely with me in order to create a budget, get a contract in place, post for the position, and even interview with us. Despite being a part-time employee, Chief Nelson went above and beyond by spending an abundance of hours trying to make this work.

Unfortunately, it does look like the Chief was correct. We have been unable to attract two part-time officers with enough flexibility to be hired as our SROs. At this time, the district is looking at pursuing other avenues in which to obtain an officer.

Again, I wish to thank you for being agreeable to this arrangement and for allowing the Chief to spend time trying to make this work. Most importantly, I wish to thank you for the support you continually show for our students. Frewsburg is truly a special place because of collaborative relationships such as this.

Sincerely,

Shelly O'Boyle
Superintendent
