AGENDA ADDENDUM

XII. OLD BUSINESS

Update from Joan Waterman regarding First League Lego

XIII. ACTIONS

11. Personnel.

A. Appointments. (See Attachment I.D, I.E)

Update on First League Lego (FLL)

- We did receive the \$600.00 grant.
- A representative of the WNY Steam Hub was contacted to explore additional competition site charges. Every site charges an additional registration fee to cover the cost of having the robotics competition. This will be an additional cost that will need to be covered per registration.
- Parent volunteers, Wendy Sanfillipo and Adam Erickson, have registered as our adult coaches. FLL conducts a background check. These names will be forwarded to Mrs. Morrison for first level approval as per board policy.
- I registered myself as the administrator.
- I am perusing the purchasing of a Mindstorm Kit through the District technology department. This kit will be used for two purposes: 1.) In the K-6 classroom curriculum; 2.) During team practices of the First League Lego.
- Official registration opens August 1, 2017.

Total cost = \$1180.00

Minus \$600 grant = \$580.00.

Balance = \$110 to be paid by me, personally
(if the Mindstorm kit \$470 can be purchased through district Technology budget)

Thank you,

Joan Waterman
